RAY ROS

(818) 524 - 8481 | ros.rayy404@gmail.com | Los Angeles, CA | linkedin.com/in/rayros/

EDUCATION

University of California, Los Angeles (UCLA), Los Angeles, CA   June 2022

Bachelor of Science in Cognitive Science

w/ Specialization in Computing

- Relevant course work: Computer Science, Algorithms and Complexity, Artificial Intelligence, UX/UI Design
- GPA: 3.6
- Dean's Honor List - Winter 2019 | Spring 2019 | Winter 2020

EXPERIENCE

BruinShack, Los Angeles, CA

Front End Web Developer   January 2022 - Present

- Collaborated with web development and UI/UX design team to transition three design mockups into responsive, interactive web pages
- Implemented the "Meet The Team" page with hover animations, dynamic overlays, and conditionally rendered social media/ contact information icons to beautifully showcase each member of BruinShack
- Refactored the "Contact Us" page from a Vue framework to a NextJS framework to simplify future development by utilizing NextJS routing and compartmentalizing a single Vue file into two files, a .JSX markup and a .SCSS stylesheet
- Built the "Explore More Dorms" section of the "Dorm Review" page in order to randomly present five, four, or three additional dorms depending on screen width
- Technologies - HTML | SCSS | JavaScript | React | NextJS | NodeJS | Git | Vue (previously)

PROJECTS

BruinShack - Internship Portfolio

https://bruinshack-my-contribution.vercel.app/   June 2022

- Website portfolio showcasing my contributions to BruinShack
- Technologies - HTML | SCSS | JavaScript | React | NextJS | Vercel | NodeJS

WhateverHappensHappens (in progress)

April 2022 - Present

- E-Commerce Website based on a Depop account
- Technologies - HTML | CSS | JavaScript | React | NextJS

Deep Work Tracker

April 2022

- In-depth to-do list based on "Deep Work" by Cal Newport
- Technologies - HTML | CSS | JavaScript | React | Bootstrap

Weather App

January 2022

- Weekly forecast and air quality app based on user location and search
- Technologies - HTML | CSS | JavaScript | Geolocation API | OpenWeather API

SKILLS

- HTML
- CSS/SCSS
- JavaScript
- Git
- React
- NextJS
- NodeJS
- Python
- C/C++
- Data Structures and Algorithms
- Responsive Web Design
